

Harvest tomatoes AND potatoes from a single plant! The result of special hand-grafting by horticultural artisans—Non-GMO.

Ketchup 'n' Fries™ by TomTato® is a hand-grafted plant producing potatoes AND cherry tomatoes. Above the ground you can harvest up to 500 cherry tomatoes with a high Brix level of 10 for snacking, salads, and even ketchup. Below the ground you can harvest up to 4½ lb. of tasty, white potatoes for baking, cooking, and fries.
