*Virginia Sweets*

**Heirloom Tomato ‘Black Krim’** Indeterminate. Violet- red, slightly flattened 4-5 inch fruits with nearly black shoulders have strong, exotic flavor that’s been described as “smoky” or “salty.” Russian variety named for the Crimean peninsula in the Black Sea. 70-90 days from transplant. OP

**Heirloom Tomato ‘Brandywine Pink’**

Indeterminate. A pink-colored beefsteak with excellent flavor that perfectly balances high sugar and high acid. Potato leaf plants produce good yields of slightly irregular, meaty, juicy 1-pound fruits. 80-90 days from transplant. OP

**‘Dixie Golden Giant’** plants are large and productive. The abundant fruits are large (one to two pounds each) and clear, lemon-yellow colored. Some fruits exhibit a pink blush on the blossom end. It has a nice, juicy, sweet fruity flavor. 85 days, indeterminate

**‘Goliath’** Appropriately named, this variety bears giant fruit. Dark pink, solid tomatoes are ribbed, have few seeds, and are very sweet yet have an acid component, making for really good flavor. Most fruit is in the 1 to 2 lb. range, but it is not unusual for tomatoes to become a mammoth 3 lbs. Heirloom variety grown since the late 1800’s. Indeterminate. 85 days.

**Tomato 'Prairie Fire'** Cream of the Crop Julienne Cherry Tomato

If you like sweet tomatoes, this one is for you. It tied for first in 2017 taste tests, and had a Brix score of 10.0 – highest in the trial. Long skinny sepals on a red elongated, pointed grape-shaped fruit. The fruit has subtle gold striping and deep red flesh. Our guarantee is that this is the one that always gets picked and eaten in the field before reaching the kitchen. It is a kid magnet. Fruiting is early on a compact semi-determinate vine. Very good plant health and fruit quality in both open field and greenhouse trials. Fruits

measure 1" across and 3" long. Indeterminate, 60-70 days from transplant.

**Tomato 'Red Torch' F1** Cream of the Crop Julienne Cherry Tomato

An All America Selections (AAS) Winner for 2019! Red Torch is a striped oblong tomato with 1.5" long fruits that weigh about 1.5 ounces. This hybrid is a very prolific early-season producer. The combination of excellent flavor, great texture, and high yields make this hybrid better than other varieties in the trendy niche market of striped tomatoes. Plants have been bred with excellent tolerance to environmental stresses like heat and harsh growing conditions. Fruits are borne on indeterminate vines that grow

5-6' tall and ripen 60-70 days from transplanting. Judges were pleased with both the earliness and yield of this variety in addition to the unique skin coloration.

**Tomato 'Sparky XSL' F1** Cream of the Crop Cherry Tomato

An All America Selections (AAS) Winner for 2019! Sparky is one of the few X-tended Shelf Life (XSL) cherry tomatoes available to home gardeners. Sparky brags about being early to mature, prolific and very flavorful. Fruits are well suited for market growers and produce a large number of usable fruits per plant. You'll enjoy gardening with these plants that have excellent tolerance to environmental stresses like heat and harsh growing conditions. Very sweet fruits have an average Brix score of 8.5. Round fruits weigh 1 ounce and are 1 inch in diameter.

Indeterminate 5-6' plants produce fruits 60-70 days from transplant.

**Heirloom Tomato ‘Principe Borghese’** Determinate. The traditional Italian sun-drying tomato, with heavy trusses of small egg-shaped fruits that have thick, meaty flesh. Don’t water too much later in the season if you plan to dry them. 75-85 days from transplant. OP

**Tomato ‘Super Fantastic’** Indeterminate. Produces very high yields of solid, meaty, smooth-skinned 10 Oz. fruit all summer. Blossoms and fruit develop progressively, and the harvest lasts several months. One of the BEST tomatoes. Full sun. 70 days to maturity.

### **Heirloom Tomato ‘Virginia Sweets’**

Indeterminate. This heirloom variety is simply one of the best tasting, best producing gold-red bicolors . The tomatoes are stunningly beautiful and enormous, weighing at least 1 pound each. Golden yellow beefsteaks are colored with red stripes that turn into a ruby blush on top of the golden fruit. Flavor is sweet and rich, and harvests are abundant. Full sun. 80 days.
